

Grace Notes Music Studio

Violin Studio Policy

2022-2023

About the Teacher:

I grew up with music as my mother was a Suzuki Piano teacher for 35 years and a church organist for almost 40 years. At age five I began piano, then began studying violin at age ten. From seventh through twelfth grades I participated in the Wichita Youth Symphony and won their prestigious Concerto Competition my senior year. I attended the Conservatory of Music at UMKC and studied with Tiberius Klausner, the concertmaster of the Kansas City Symphony. I have also studied with Nancy Luttrell at WSU. I have taught violin for over sixteen years, and have training in Suzuki Books 1, 2, and 3. Currently I play for the worship team and orchestra at my church and in a bluegrass band. Music is given by God and is an amazing expression of the soul. The study of music fosters self-confidence, discipline, perseverance, and creativity. My chief joy in music is to worship Christ and give God glory as I help others praise Him.

Tuition for September through May:

Rates are tuition based and are due the first lesson of each month. **The same rate will apply each month regardless of the number of weeks in the month.** Tuition covers not only lesson time spent with the student, but also planning time, continuing education for the teacher, and preparation for recitals and competitions. Tuition does not include group lessons. If tuition is not received by the 10th of the month, a \$10 late fee will apply.

30 minute lesson = \$80 a month (Book 1A)
45 minute lesson = \$110 a month (Books 1B, 2 and 3)
60 minute lesson = \$140 a month (Books 4 and above)

Tuition for June through August:

Students must take 6 lessons to hold their place in the studio for fall lessons. Tuition for all six lessons is due at the beginning of June. Students may take more than six lessons as desired.

Annual Fee

An annual fee of \$25 will be charged to help pay for copies, prizes, equipment, etc. The annual fee is due each August in order to enroll for September.

Parent Education

Since a parent must practice with students through at least fifth grade, I require the parent attending lessons to learn how to tune the violin and how to play the Twinkle, Twinkle Little Star variations on the violin. A parent can usually learn these variations within a few months if he can devote fifteen minutes to practicing each day. The student will observe during this time.

Lesson Procedure: For students through fifth grade, a parent must attend the lesson. Please bring technology in order to record short practice videos at the lesson. I will provide a practice notebook for note taking and home practice. Parental involvement is essential as the parent will be the home teacher. It is also very valuable to observe other student's lessons if possible. If you are observing after your lesson, please arrive at least 5 minutes early to the lesson and get all materials ready so that we may start promptly. Please enter and exit quietly so that the ongoing lesson will not be disturbed.

Note: If siblings must attend lessons, they should not be a distraction. I will have some toys and a small table where they may play quietly.

Attendance Policy & Make-Up Lessons: Monthly rates are tuition based, which means that all lessons for the month are paid for in advance and no refunds will be offered. If I must miss the lesson, I will give you a credit on the next month's tuition. Tuition will remain the same each month during the school year. I will not teach the week of Thanksgiving, two weeks at Christmas break, one week in March for Spring Break, and one week to be announced.

No make-up lessons are provided. If you need a different time, I will try to accommodate your request as I am able if you give me one week of notice.

Materials: You may choose to rent or purchase an instrument--please see my list of recommended places below. They will be able to size you for the instrument at the store.

Group Lessons and Recitals

Group Lessons will be offered from September through May on the first or second Friday afternoon of the month, dates are listed below. Please put these dates on your calendar now! **Students must attend 7 of the 9 lessons in order to remain in the studio.** Tuition for group lessons may be added to the fee for lessons or paid at the group lesson. All lessons will be 45 minutes long and cost \$8 per student. Group lessons entail playing pieces as duets in order to start learning ensemble skills and learning music theory through games and activities. Students may also be asked to play solos for one another.

Group Lesson Dates for 2022-23

September 9

October 7

November 4

December 2

January 13

February 10

March 3

April 14

May 12

Formal recitals will be held twice a year in the fall and spring. Other performance opportunities include playing at the Farmer's Market and for local nursing homes or other community events.

Rehearsals

I like to include several group violin pieces in each recital. In order to play in these group pieces, students must have the music well prepared and must attend the rehearsal before the recital. I try to schedule these rehearsals during our regular group lesson times.

Practice

Under normal circumstances, students will be expected to practice five days a week not including the lesson. Repetition is necessary for retention. The quality of the practice is more important to me than the quantity. 30 minutes a day is a good average amount of practice time, but should be adjusted according to the goals, seriousness, age, or attention span of each student. More advanced students should be practicing 45 minutes to an hour each day.
